These Are Closing Sales Each Day.

New York, Sept. 21.—There was a considerable further liquidation in today's stock market, but prices showed resistance all day, and in the late trading there were quite general recoveries of all the earlier losses and small net gains in the rule. Buying by arbitrage houses when the market opened here was responsible for the advance, and the buying for London accounts was estimated at 20,000 shares. Yesterday's rather violent decline had the inevitable effect of attracting considerable selling orders from outside sources. Prices therefore recovered very generally after the opening and declines ranging from 1 to 1 1/2 per cent. were effected in a long list of stocks. People's Gas and Electric, and General Electric as much. Louisville was the weakest of the railroad list and fell at one time a point under last night. The fact of an unfavorable bank statement, the developments in the miners' strike and the report that an agreement between steel operatives and their employers seemed improbable, all appeared to weaken the market, as they had been discounted by yesterday's selling. The report of the week's currency movement indicated a loss in cash by the banks of \$6,000,000 or upwards of \$1,000,000 more than last week. This showing disposes of the supposition that last week's movement was made abnormal by the movement of the relief fund to Galveston. Bonds continued reactionary and did not rally with stocks. Total sales par value, \$55,000. United States 5's and new 4's declined 1/2 per cent. in the bid price. Total sales of stocks to-day were \$12,700,000.
